

HTET AUNG LINN

Full-Stack Software Engineer | Co-Founder & CTO, PhiLo POS | Full Stack Developer, Ravus Law Chambers

PROFILE

Full-Stack Software Developer and technology leader. I work as a Full Stack Developer at Ravus Law Chambers (remote, Singapore) and serve as Co-Founder & CTO of PhiLo POS, a multi-platform point-of-sale and inventory platform for Myanmar businesses. My work covers architecture, UI, backend services, databases, DevOps and app-store releases, with projects delivered for Japanese, Myanmar and Singapore clients.

WORK EXPERIENCE

Co-Founder & Chief Technology Officer (CTO) · PhiLo POS

Feb 2026 – Present · Mandalay, Myanmar · philos.asia

- Architect and lead developer of PhiLo POS: sales, inventory and reporting for shops and restaurants.
- Own the full suite: Laravel API, POS app (Android, iOS, Windows, macOS, Web), Next.js admin, Expo manager app, KDS and Electron desktop.
- Built offline-first POS, multi-branch stock, credit sales and subscriptions.
- ESC/POS thermal printing with Myanmar Unicode, Telegram payment alerts, CI/CD and security hardening.

Full Stack Developer · Ravus Law Chambers

Sep 2025 – Present · Singapore · Remote · Full-time

- Full-stack application engineering for client systems with Laravel, NestJS and related technologies.
- Software engineer on Raveon Live, Raveon Live Mini and Ravus AI FX (Ghost Candle Projection).

SoftGuide Software House

Yangon, Myanmar · Full-time · On-site

Project Leader

Jan 2025 – Sep 2025

- Project leadership and delivery, including CRM-focused client work.

Web Developer

Jun 2023 – Jul 2025

- Web development on SoftGuide and client products with PHP, Nuxt.js and the wider production stack.
